Goal 1

Goal 1: Title Develop a comprehensive crisis response team

Goal 1: Target Completion Date Dec 31, 2024

Goal 1: Description The team would consist of professionals and law enforcement dual trained in MH and SUD response. Most MH calls we see involve SUD on part of the patient and or family members involved. We would use the CIT model with an expansion to SUD related trainings. Further, providing officers and community based organizations with access to OPWDD trained professionals that can work with behaviors from residents living in OPWDD licensed community residents.

This allowed patients in need to seek, access and engage in same day services without having to wait weeks for out patient treatment. The goal of the center was to deter patients from unwarranted ER visits. The program was working well until staff left and the program was not able to sustain due to low reimbursement rates, and much of the work being considered "non-billable." time.
