Transportation Yes

Applies to OASAS? Yes

Applies to OMH? Yes

Applies to OPWDD? Yes

Need Applies to: Both Youth and Adults

Do any of the Goals on the Goals and Objectives Form address this need? No

Need description (Optional): • Rural areas make up much of Oswego County. There are several characteristics of rural areas that make it difficult to coordinate transportation. These include long distances between population centers, and substantial distances between provider locations and personal residences. Issues related to use and availability of Public and Medicaid transportation, and challenges associated with maintaining personal vehicles, can also be significant barriers to participating in services. The lack of engagement in services and connections to resources and supports interferes with symptom management, skill development, learning, working, socializing, housing stability, and overall health status.

- Places identified as needing transportation to/from are Pharmacy, Dr.'s/Dentist Appt., Dr./Specialist, Grocery Store/Food Pantry, Mental Health Provider, Respite, Urgent Care/hospital, Programs/Services, Youth/School/Community and family activities, Support Group Meeting, Shelter, CPEP, Hospital, Home from Hospital, courts, probation.
- Supports needed when traveling include assistance getting into and out of vehicle, escort to accompany you, door to door service, wheelchair lift/ramp, space for a fold-up wheelchair/walker.
- Characteristics of transportation service identified by riders as important include guaranteed a ride home, clear fare structure, same day scheduling, easy to arrange, flexibility, on-demand, very few stops, able to bring children, wheelchair accessible.
